

New South Wales Branch
Hunter & Coastal Region
Balloon Boats

Issued Sept 2005

Need:

Styrofoam meat trays

Balloons

Water proof markers

Wading pool filled with water

To Make:

Decorate the meat trays with the markers

Make a hole in the centre of the tray

Insert the lip of the balloon through the hole.

Blow up the balloon from the under side of the boat and tie the end with a knot.

(The boat will float and can be directed through the water by blowing on the balloon. It can also be jet propelled by releasing the balloon's knot; the escaping air will power the craft.)
