## **QUICK ILLUSIONS**

Issued July 2004

Section: Joeys

### **FAR AND AWAY**

**Ask the Joey Scouts to hold the tube up against their right eye and hold the palm of their hand up so that it faces them and touches the left hand end of the tube. Then ask the Joey scouts to slowly move their left hand alongside the tube towards their face and notice what happens. It will seem as if a hole has appeared in the middle of their left hand.**

### **FAR AND AWAY PART 2**

**This is an interesting outdoors illusion. Ask the Joey Scouts to make eye patches with card and hat elastic. Once they have made their eye patch take them out into an open space. Place the Joey Scouts into small groups, give them a tennis ball, and ask them to practice catching and throwing. Then ask the Joey Scouts to place on their eye patch, now again ask them to practice their catching and throwing.**

### **LITTLE SAUSAGE IN THE AIR**

**Ask the Joey Scouts to stare at a wall. Close fist leaving just the index finger in a pointing position. Bring both index fingers up until they are touching and in front of your eyes. Keep staring and you should see a sausage appear. Now slowly pull your fingers a part and the sausage should appear to float in middle air.**
