You can shorten/lengthen/omit each activity depending on your time.

**Get Joeys to stand in a circle, march and sing the following song**

Teach Joeys the song – it links the different activities in the program

**We're going around the world (make up your own tune or say the words)**

We're going around the world on highway No.1

We're going around the world just to have some fun

And when we get to the Great Barrier Reef, we saw a great big shark.

**Sharks & Islands**

Distribute each JS a piece of newspaper. Explain that they are the coral islands in the Great Barrier Reef. Choose a JS to be "Bruce", great big shark from NEMO.

JS "swims" around the newspaper islands. When JSL calls SHARK, the JS who is shark will try to catch JS, who will run for safety to their newspaper islands.

Explain that global warming will sink the islands and take away each newspaper island each time the game is played. JS can share newspaper islands.

Sing and march round the circle **We're going around the world**

... And when we got to Africa, we made some Zulu spears

**Making Zulu spears**

Roll 2 pieces of newspapers diagonally and tightly to make Zulu spears.

Divide JS into 2 teams – hunters & wild animals (variation of dodge ball)

JS with spears throw spears at the wild animals.

Rule: only below the knees.

Swap over teams.

Hint: Save spears for tower activity

... And when we got to Canada, we played ice hockey
